United States Youth Soccer Region III ODP Camp—Boys State Team Administrators Camp Duties

Welcome to the 2010 US Youth Soccer Region III ODP Camps. We hope your experience is rewarding and enjoyable. This letter is very important and reviews your duties as State Team Administrator while at Region camp.

Your primary responsibility is to ensure the players have a safe and enjoyable time at camp. You must be with the players **AT ALL TIMES**. If you must leave for an emergency, it is your responsibility to find a responsible adult to take charge of the team in your absence, who has been educated on the responsibilities described in this document.

Mary Burke Hall Parking: Due to the construction activity adjacent to Mary Burke Hall and Cafeteria, the parking lot in front of Mary Burke Hall is closed to traffic.

BUSES: They should unload and load passengers from the side entrance to Mary Burke Hall on **Sixth Avenue** (see map on RIII website). There is a bus stop located there. Approach Sixth Avenue from Paul Bryant Drive and turn into Sixth Avenue as it is a one-way street heading north. Buses can then park across the avenue in the Martha Parham parking lot.

CARS: Must use the **Martha Parham parking lot** which is located on the west side of Sixth Avenue across the street from Mary Burke Hall. Please do NOT stop on Sixth Avenue but unload/load in the Martha Parham parking lot. Approach Sixth Avenue from Paul Bryant Drive and turn into Sixth Avenue as it is a one-way street heading north.

KEEP PAPERWORK WITH YOU AT ALL TIMES: Team Roster, Medical Release forms, Medical History Questionnaire, copy of insurance card and Contact Numbers. Your state should provide you with a folder/notebook containing all information.

Airlines and Tickets - You need to obtain every players' airline ticket upon boarding the plane (if applicable) to camp and keep them until the players leave camp. Make sure the holdover players have their tickets before you and the team go back to the airport to travel home.

Attend Administrator Meetings. Post a daily schedule on the outside of your door so everyone can read it. Set a time and a place for the team to meet and go to breakfast. Be consistent and prepared. Try to stay one or two steps ahead of the players.

Room Assignments - Make a copy of player room list/dorm room assignments. The head coach will assign rooms and no room switching shall be allowed. The players are responsible for any damage done in their assigned room and for the keys to that room. Meet the team in the lobby of the floor of your assigned rooms and issue the keys and ribbon/string to each player for their assigned room. Set a meeting time for the team to meet after they have put their luggage in their room.

Uniform distribution & collection of uniforms. You will issue the uniforms to the players according to the numbers on the roster. Do not switch numbers. **YOU ARE RESPONSIBLE FOR THE COLLECTION OF ALL ELEMENTS OF THE UNIFORMS AT THE END OF CAMP.**

Coordinate daily uniform cleaning. You will be responsible for the coordination of the daily uniform laundry. Keep a laundry log. Your state will supply the quarters and the laundry detergent but it is up to you to collect them after each game and see that they get washed. You can get the players to help with this task but only if the work is done before lights out (i.e. players must not be doing the laundry at midnight or 1:00am in the morning).

Meet daily with head coach. Keep in touch and make sure all of you are on the same page. Discuss each day's needs with the state staff and find out where the team is expected to be and at what time. As an example, you have a game at 6:00pm, and the coach wants them on the field to warm-up 30 minutes before the game. The team needs to be meeting with their uniform on by 5:00pm and walking to the fields or waiting for the bus no later than 5:15pm.

Supervise players at all times away from the fields. Be observant of the players and their health and safety. Watch for players who are not drinking enough water or eating enough food. Players and adults should be instructed to eliminate caffeine while at camp as it contributes to the dehydration of the body. Ensure the use of sun-block to avoid sunburns and heat stroke.

Must have medical information on hand all day. If a player is injured and needs to go to the hospital for treatment, you will need to pull the Medical Release, Medical History Questionnaire and insurance card for that player, give the rest of the team's Medical Releases to the adult who is left in charge of the rest of the team. You must go with the player to the hospital. Make sure you get a phone number of the medical trainer or someone at the camp that you can call from the hospital. When the player has been treated and released then you can call someone to transport you back to camp. It will not be the medical trainers transporting the injured player to the hospital it will be you. So you will need to get a map and directions to the facility that the medical trainer instructs you take the injured player. The Region Administrative Staff will

provide you with a vehicle if you do not own one of your own. You must inform your state DOC and the Region Camp Director (Christie Clark) on-site.

Ensure the safety and welfare of your players. Please be observant of proper safety procedures including hydration, nutrition, and protection from the sun. Any injury should be evaluated by one of our trainers who are on-site. A trainer will be available 24 hours by calling the Camp Director of the respective camp. Any injury requiring transportation to the emergency room must be reported to Region III Staff.

Follow the weather. The Region staff will make determinations regarding play, in regards to weather. A lightning detector will be monitored at camps. If it is required to clear the fields due to the likelihood of a lightning strike, a horn will be sounded. All individuals should proceed to the University of Alabama Recreation Center on top of the hill overlooking the fields. Region III policy requires that the threat be resolved for 30 minutes prior to returning to the outdoors/fields.

Disciplinary Issues. We anticipate a smooth event, and your adherence to the above noted activities will prevent any player-related problems. Use of alcoholic beverages for anyone under 21 years of age shall result in dismissal from camp. Use of illicit drugs shall result in dismissal from camp. Theft or defacement of property (personal or University) shall result in dismissal from camp. Bringing a weapon to camp shall result in dismissal from camp. The Regional ODP Administrator and Camp Director have the final say in resolving any disciplinary issue(s). The respective State may determine the need for any additional penalty.

If there is a disciplinary issue regarding any of your players, you must immediately inform the team administrator, your DOC, and the on-site Region Camp Director (Christie Clark) who will communicate with the Region III ODP Administrator (André Burger). A decision regarding the outcome of the player(s) participation will be made by this group. The State President and DOC shall be notified by phone and/or email of any disciplinary action taken, respective to a player from their state.

Credentials. As an adult at camp, you must always wear your credentials on and off the field. If an adult is seen without credentials, he/she will be stopped by Region staff to determine his/her purpose. Adults without credentials will not be allowed within the dorms or cafeteria.
